Mentor Mentee Report

Session 2021-22

The class of M.Com I was assigned as mentee group to me. Some of the students were new to the college while some of them were previous year undergraduates. They shared their good and bad experiences of studying online in B.Com and were very excited to rejoin the college in offline mode. They liked the ambience of college and were happy with the facilities provided to them. Some of the students were upset as they wanted to pursue MBA but they didn't get the seat. I guided them to some of the good career options available after M.Com like banking sectors, tax advisory services and E-commerce sector. I also advised them to read business management books available in the library in their free time. Few students complained about the shortage of these books in library so I discussed that issue with the librarian and assured students that the problem would be resolved very soon.
