

REPORT

Department of English, G.M.N. College, Ambala Cantt. organized a National Webinar on 'Literature as Sahitya: An Indian Perspective' on Jan. 11, 2021. More than 120 participants comprising of distinguished faculty members, scholars and students from various Colleges and Universities all over India participated in the Webinar. The webinar aimed at initiating a dialogue among reputed scholars, faculty and students to explore newer meanings of Sahitya and the way it is interpreted in the perennial stream of Indian tradition or Parampara. The Keynote speaker of the webinar was Dr. Ashok Chaudhary, Principal M.N. College, Shahbad. The Resource Person of the webinar was Dr. Ashima Shrawan, Assistant Professor, Shri Bhagwandas Adarsh Sanskrit Mahavidyalaya, Haridwar.

The event started with an inaugural address by Dr. Raj Pal Singh, Principal, G.M.N. College, Ambala Cantt. He extended his warm welcome to the Keynote speaker, Resource Person and the participants of the webinar. He highlighted the progress of the college in academics, sports and cultural activities in the past decades. He also emphasized on the upgradation of infrastructure and the use of modern technologies in teaching learning in the college. He congratulated the Department of English for organizing the Webinar and appealed to the entire faculty, students and other stakeholders to work collectively to take the college to newer heights of success.

In his Keynote address, Dr. Ashok Chaudhary appreciated the efforts of Dr. R.P. Singh, and the English Dept. of G.M.N. College for organizing such an illuminating and eventful Webinar. He shared his insight on 'Literature as Sahitya: An Indian Perspective.' He interpreted Sahitya as something which denotes togetherness, commonality, putting things together. He gave the reference of Bharatmuni's Natyashastra according to which Literature deals with eternal truths of man.

Resource Person, Dr. Ashima Shrawan, enlightened the participants with her deep knowledge and research on Indian aesthetics and theories and classical Indian literature. She defined Sahitya as something which deals with the welfare of all. According to her, literature is a medium for union of people across nations, caste, class etc. She discussed about Bhartrihari's Vakyapadiya and the relevance of Indian aesthetics in offering a comprehensive way of life. She shed light on Kavyaprakash, Alankara and Theory of Rasa. Her reflections on Indian aesthetics and theory were enriching for the participants. She extended her thanks to the Principal and the Department of English, G.M.N. College for organizing such an insightful webinar on Literature.

The session was concluded by a vote of thanks from Ms. Kamlesh, Assistant Professor, G.M.N. College. She expressed gratitude to the Keynote speaker and the Resource Person for giving their precious time for the Webinar and sharing their insights on the theme of the Webinar. She also expressed her thanks to the Principal, Dr. R.P. Singh for giving his valuable time, support and blessings. The Webinar was convened by Dr. Anju Jain, Vice-Principal and HoD, English Dept. and Dr. Nishtha, Assistant Professor. Dr. Anshu Chaudhary, Assistant Professor, was the Co-Convener of the webinar. Dr. Jyoti Sorout, Assistant Professor was the Organizing Secretary. Organizing Committee comprised of Dr. Amit, Ms. Kamlesh, Dr. Saroj, Mr. Shyam Raheja.

(Dr. Anshu Chaudhary)

Webinar Report

A national level webinar on the topic, "Pure and Applied Mathematical Research" was organized by Department of Mathematics, Gandhi Memorial National College, Ambala Cantt. on January 29, 2021. The webinar started with welcome of the worthy college Principal by Ms. Pinki (Convener of Webinar) and then, Principal Dr. Raj Pal Singh welcomed and introduced both the speakers and also put forth the achievements of our college students in various activities. First invited speaker Dr. Vinod Kumar, Professor, Department of Mathematics, Kurukshetra University, Kurukshetra spoke about some aspects of statistical convergence. He gave a research insight to the participants and it was worth attending the session for all participants. After that second invited speaker and National fame researcher, Dr. Rajneesh Kumar, spoke about Mathematical Modelling and shared with participants the fundamentals of the research in Applied Mathematics. His lecture was pivotal lecture as far as the research in Applied Mathematics is concerned. The feedback of the participants about both the session was encouraging and motivating. All different activities of the webinar were conducted by Dr. Rajesh Saini, Assistant Professor, Department of Mathematics, Gandhi Memorial National College, Ambala. In this webinar more than 300 participants from eight different states of the country participated. Overall it was nicely organized and informative webinar in which all staff members of the Department of Mathematics, Gandhi Memorial National College, Ambala Cantt. have contributed their best towards the success of the webinar. Overall it was a successfully organized webinar which is also

evident from the feedback of the participants.

Report of Seven Days Training Programme on “How to Earn from Google Using Different Interfaces” Organized by Department of Computer Sc. & Applications

The seven-day E-training program concluded today organized by the Computer Science & Application Department of Gandhi Memorial National College, Ambala Cantt under the guidance of Management Committee President Dr Gurdev Singh, Principal Dr Rajpal Singh and IQAC Coordinator Dr Anju Jain. The topic of this workshop was how to earn money through Google, in the concluding session of this e-training program. Dr. Gurdev Singh, President of the Management Committee, congratulated the Computer Department for organizing this e-training program. On this occasion Principal Dr. Rajpal Singh and Dr. Anju Jain said that this seven-day training program was very beneficial for participants and the credit goes to the Department of Computer Science, especially to the Assistant Professor Shyam Raheja, who made efforts for it and conducted it for seven days. IQAC Coordinator Dr Anju Jain elaborated on the outcome of this training and how the participants benefited from it.

IQAC Coordinator, Dr Anju Jain told that this training program was taught by trainer Shubham Khurana, Nipun Sharma on how to create own website, blog, YouTube channel, Facebook page. It was told by Mr. Shyam Raheja that all these are done by AdSense. Sh also told that an e-book was also prepared for the activities that took place during this seven-day training programme.

At the end of the concluding session, Ms. Upinder Kaur, Head of the Department of Computer Science thanked all the guests, experts and participants. She informed that participants from Tamil Nadu, Uttar Pradesh, Chandigarh participated in a seven-day training program. She specially thanked the Management Committee and Principal Dr.Rajpal Singh for granting permission for this training programme. At the end e-certificates were provided to all the participants.

REPORT

Post Graduate Department of G.M.N. College, Ambala Cantt organised a National Webinar on "Leadership in Politics: Emerging Dimensions in India" on 25.06.2021. Dr. Sandeep Shastri, Vice Chancellor, Jagran Lakecity University Bhopal were the Key Note Speaker and Dr. Kushal Pal, Head Department of Political Science invited as Resource Person. Dr. Raj Pal Singh, Worthy Principal, G.M.N. College, Ambala Cantt formely welcomed the dignitaries. Dr. Krishan Kumar Punia read out the theme of Webinar. Dr. Sandeep Shastri explored the relevance of Leadership in Contemporary Political Scenario and analyzed the role of different political parties in newly emerging leadership. Discussing the nature of Indian Federation, he asserted that centralization of power as the political persona of a single person is ruling the rest in entire political system. He beautifully explored how the projection of Narender Modi as Prime Ministerial candidate of BJP changed the entire political scenario at the National level. Dr. Shastri also highlighted the role of State leadership in formation of Govt. Citing the example of recent assembly elections in four states with facts and figures, he explored how the political parties with charismatic leadership could beat the anti-incumbency factor. He also discussed the context, role of states in Govt. formation at union level and the basis of leadership.

Dr. Kushal Pal, speaking as a resource person,, highlighted certain new trends influencing leadership role and style particularly civil society movements in the recent past and role being played by organisations in policy and governance. Question answer session was also organised towards the conclusion of webinar. The Keynote Speaker and Resource Person replied the queries raised by the participants.

Dr. S.S. Nain presented vote of thanks. 289 participants got themselves registered for the webinar. Dr. Krishan Kumar, Dr. Saroj Bala, Dr. Rakesh, Dr. Parvesh Kumar and Dr. Tripti Sharma were present in this occasion.

A BRIEF REPORT OF THE ONLINE NATIONAL WEBINAR

TOPIC: "RAAG EXPRESSION IN THE CONTEXT OF FILM MUSIC"

DATE: JUNE 26, 2021.

A webinar was organized by the Music Department of Gandhi Memorial National College, Ambala Cantt on 26 June 2021 with the theme "Raag Expression in the Context of Film Music". Inaugurating the webinar, Dr. Rajpal Singh said that this initiative of the Department of Music is commendable. He said that the music department of the college has brought laurels to the college at the national and international level. He thanked special guest of the webinar Prof. Shuchismita Sharma and resource person Dr Pratibha and said that the research scholars and students would definitely benefit from the aspects mentioned by them. Dr. Manjeet Kaur, Convener of the webinar, highlighted the objectives of the webinar. Dr Pratibha Sharma told the students how ragas have been used in film music and that music which is based on ragas must be listened to. Prof. Shuchismita also gave her suggestions on this subject and guided the students. She sent his congratulations to the college and the music department for organizing this webinar. In the end of the webinar, the organizing secretary Dr. Chandrapal Punia thanked the President of the governing body, Dr. Gurdev Singh and the Principal, Dr. Rajpal Singh, for giving permission to organize this webinar

and said that this event has been organized only with their auspicious blessings.

He specially thanked Sh. Shyam Raheja for his technical assistance.

Report

A national webinar 'Anya Hoone Ki Vytha' (Kinnar Vishaar) was organized by the Hindi Department of Gandhi Memorial National College, Ambala Cantonment.

Inaugurating the program, Principal Dr. Rajpal Singh while congratulating the keynote speaker Dr. Neerja Madhav and special guest Dhananjay Chauhan, the first transgender, Punjab University, said that this new discourse in literature is a document of justice and equality for this marginalized and neglected class.

Literary writers have put gender worshipers in the dock and put a question mark on them. The webinar organized by the Hindi department by selecting this topic is an auspicious attempt to change our attitude towards this class in its entirety.

Program coordinator Dr. Anish Kumar while discussing the intention of the webinar said that the story of contemporary litterateurs is the beginning of a new era in literature. Eminent litterateurs like Pradeep Saurabh, Neerja Madhav, Nirmala Bhuradia have expressed the silent expression of this community through their literature. done universally.

As a special speaker, Dr. Neerja Madhav while talking about the novel Yamdeep said that this class is full of sensibilities.

Special guest Dhananjay Chauhan expressed his experiences and experiences. He kept some parts of his life journey in front of the audience.

Program co-convenor Dr. Ritu Gupta, while talking on the personality and work of Neerja Madhav, talked about the conflicts arising in the inner world of third gender.

Organizing Secretary Dr. Rajendra Deshwal while condoling our cruelty towards the third gender said that this class also has the right to live equally. Human rights are also committed for their rights. The vote of thanks was sent by Dr. Ritu Gupta, Head of Hindi Department. In this webinar, about 600 participants from longitude of the country participated.

REPORT

National Webinar organized by Department of English

On 28.06.21

Topic: Literature and Cinema: A Dynamic Relationship

Department of English organized a National Webinar on "Literature and Cinema: A Dynamic Relationship" on June 28, 2021. Dr. Amit Kumar, Organizing Secretary of the webinar, while conducting the proceedings of the webinar, shared the schedule of the programme with the audience. Principal, Dr. Raj Pal Singh formally welcomed the Keynote Speaker, Resource Person and all the virtual participants. He congratulated the Department of English, for organizing such an informative and interesting literary event. Dr. Neena, Convenor, presented the theme of the webinar. Dr. Anju Jain, HOD, Dept. of English formally introduced the Keynote Speaker, Dr. Jyoti Sheoran, Chairperson, Dept. of English, CRS University, Jind, and Resource Person, Dr. Ritu Sharma, Associate Professor, Dept. of English, Dyal Singh College, Karnal. She said that during the modern times, when people were increasingly inclined towards adapting literary works as it was very important to establish the relationship between cinema and literature. She also hoped that the popularity of films in postmodern era did not undermine the importance of books.

In her Keynote address, Dr. Jyoti Sheoran, said that literature had always been a great inspiration for cinema all over the world. She informed the audience about several versions of cinematic adaptations of epics like *Mahabharata* and *Ramayana* on the silver screen of our country. She discussed several novels of renowned Bengali writers, Gujrati writers, Urdu writers, and English writers which had been made into films over the years. She emphasized that cinema impacted the viewers both cognitively and emotionally. She also called literature and cinema as tools for change of society. Dr. Sheoran further differentiated between cinema and literature by saying that apart from technical differences, in cinema, viewer had no choice to response critically, the reader of literature had that choice.

Dr. Ritu Sharma, Resource Person of the webinar, expressed her views regarding Cinema and Literature as two distinct but equally extraordinary works of art. She said that though both these art forms had certain connections and differences, they had a similarity of taking the readers/audience to a different world. According to her, while literature took its readers on an imaginative journey, cinema showed such an imaginative world before the audience. She focused on the interdependence of cinema and literature and showed how the books are converted into films. She proved her point by giving examples of some old Bollywood movies like *Devdas*, *Guide*, *Tere Mere Sapne*, *Parineeta* as well as some recent ones like *3 Idiots*, *Kai Po Che*, *2 States*, *Aisha*, *Bride and Prejudice*, *Maqbool*, *Omkara*, *Haider*, *Raazi*, etc.

Ms. Kamlesh, Co-convenor of the webinar proposed a formal vote of thanks to Dr. Gurdev Singh, President, College Governing Body, Dr. Rajpal Singh, Principal of the college, Dr. Anju Jain, Head, Dept. of English, Dr. Neena, Convenor of the webinar, Members of organizing committee, Dr. Amit Kumar, Dr. Anshu Chaudhary and Dr. Jyoti Sorout, Mr. Shyam Raheja, Technical Expert, Ms. Shivani and all the virtual participants for making the webinar a success.

REPORT

Department of Commerce in collaboration with Department of Economics and Department of Management of G.M.N. College, Ambala Cantt organised a National Webinar on “Digital Technology in Present Scenario” on 29.06.2021. Prof. Vandana Punia, Human Resource Development Centre, Guru Jambheshwar University of Science & Technology, Hisar was the Keynote Speaker. Dr. Raj Pal Singh, Worthy Principal, G.M.N. College, Ambala Cantt formally welcomed the dignitaries. Dr. Surender Kumar Kundu read out the theme of the webinar stating that webinar has been organised to acquaint the teaching faculty with the use of latest technology for online teaching mode. It will help the faculty to make efficient use of the technology in delivery of knowledge in a better way for the overall development of the students.

The Keynote Speaker Prof. Vandana Punia explored the relevance of digital technology in present scenario by focusing her talk on three major areas: 1) Virtual Classrooms and E-content, 2) Utilisation of Digital Tools and Technologies in Effective Instructions and 3) Delivery of Learning through Online Platforms. She discussed in detail various Interactive Classroom Learning Tools like- WebEx, Skype, Google Meet etc. She deeply explained various options of Google Drive, Google Slides, Google Meet and Google Classroom that can be used in making online teaching more fruitful. She emphasized the need of Digital Assessment Tools like- Google Forms, Padlet, Quizlet and Scorative etc. for effective assessment of students. But she highlighted that technology should be used to supplement teaching and not replace it.

In the end, Dr. V.K. Jain, Head, Department of Commerce extended vote of thanks. 230 participants got themselves registered for the Webinar. All the staff members of Department of Commerce, Department of Economics, Department of Management were present in the webinar.

REPORT

A National Webinar was organised by the Department of Psychology on 30.06.2021 at 10:30 am on the topic “**Positive Youth Development: Way out to Pandemic**”. Underlying objective of the webinar was that the positive attitude of the youth was vital to wipe out the Pandemic in all its forms and manifestation. Development of such attitude would also prevent the Reoccurrence of the pandemic. Keynote speaker, Prof. Nav Rattan Sharma, Dean, Academics and Social Sciences, working in the department of Psychology, M.D. University, Rohtak and Resource person Dr. Deepti Hooda, Department of Psychology from the same University. Both speakers had specialisation in youth and personality development.

Sh. Sajjan Singh, HOD, Psychology and Convener of the webinar formally welcomed Keynote Speaker, Chairman Governing Body Dr. Gurdev Singh, Principal Dr. Rajpal Singh, Resource Person and delegates. Principal Dr. Rajpal Singh presented a brief introduction of keynote speaker and Resource person. Sh. Sajjan Singh read out the theme of the webinar. He stated that social agencies such as family teachers, peer groups and society could play a very vital and meaningful role in positive development of attitude and thinking of the youth which is so essential to eradicate the looming crisis like pandemic and in solving other social problems.

Professor Nav Rattan Sharma explored in his Keynote address that youth has tremendous potential to convert the pandemic wave into brain wave by creating required awareness among the masses: such a wave would dispel the unrealistic and invisible fear from the mind of the people. The society would have to adopt transformative and skill development approach for holistic and positive development of youth. He observed that youthfulness is the age of action, learning, perfection, change and development. Laying stress on positive energy and positive ideas, the keynote speakers concluded that social distancing is pro-

social and it neither anti-social nor a social. Resource Person Dr. Deepti hooda point that Youth are most important assets of any country. She further stated that when youth develop positively, they have the power to benefit themselves, their families and all segments of society. She explored that Pandemic adversely affect the physical, mental and psychological health which can be countered by focussing on four basic needs of youth viz belongingness, mastery, independence and generosity.

Dr. Anupama Sihag was the organising secretary. 287 delegates from different states and UTs got themselves registered and participated in the webinar. Sh. Sajjan Singh presented a vote of thanks.

REPORT

National Webinar on “Academic Integrity: A Challenge in Digital Era”

June 30, 2021, 11:00 A.M.

Gandhi Memorial National College, Ambala Cantt, organized a national webinar on the topic ‘Academic Integrity: A Challenge in Digital Era’ on June 30, 2021. The webinar was starts at 11:00 AM. In this webinar, 284 participants from 20 States and 5 Union Territories of India have been registered themselves. Mr Deepak Kumar, Convener and Librarian, G. M. N. College welcomed all the participants and gave a brief introduction to the theme of the Webinar. Dr Raj Pal Singh, Principal of the college, welcomed the delegates and introduce the Guest of Honor, Dr Pardeep Rai, Librarian, Maitreyi College, University of Delhi, and Resource person of the webinar, Mr Narender Kumar, Sr. Assistant Librarian, GJUS&T, Hisar. He further stated that academic integrity should be maintained which a herculean task in this digital environment and put an emphasis on quality work and not on volume of fake research. Mr. Deepak Kumar Convener and Librarian G.M.N. College, read out the objectives and sub-theme to be covered in the webinar and invite Dr Pardeep rai, Guest of Honor to deliver his talk.

Dr Pardeep Rai, said that it is the demand of the time to discuss the academic integrity in the information and communication technology environment as it has changed the basic orientation of the civic societies in general and academic societies in particular. Further, to retrieve the authentic information from the web for academic purposes is not an issue but ethical use of the same is a capacious one. During the session, it has been clearly defined by Dr Rai that what are the merits and demerits of the digital environment. Undoubtedly, research is being carried out in different organisations of the country but our institutional international ranking does not match with the publication’s quantity. Therefore, this is the point where we need to ponder as information is available in abundance form and any one can download the same without paying a single penny. Hence, with the availability of information, qualitative research may be conducted, then why are we lacking in the international ranking?

After then, Resource person of the webinar, Mr Narender Kumar, Sr. Assistant Librarian, GJUS&T, Hisar was invited to deliver his talk. He said that emerging the latest technology, many issues like academic dishonesty and plagiarism stood like a giant against academic and research activities. To control and curb the same, the University Grants Commission has brought a Regulation and published in Gazette of India 2018. He has discussed in detail about the same and described how it is playing a vital role to promote the academic integrity among scholars and how scholars feel safe themselves from the accusation of plagiarism during their research activities. In fact, this is a very prominent document as everything has been defined consciously, even mentioning works exclusion from plagiarism.

1. All quoted works reproduced with all necessary permission and/or attribution.
2. All references, bibliography, table of content, preface and acknowledgements.
3. All generic terms, laws, standard symbols and standard equations.

This is very important information given by the Mr Narender Kumar, Resource person and further he discussed the objectives of Regulations 2018. Moreover, he explained that plagiarism is not the

original thinking and it ruins the reputation of individuals and the institution as well. He discussed about the factors contributing to plagiarism which includes external factors i.e., **Professors** and internal factors i.e., Negative personal attitudes, Lack of awareness, Lack of competence, Negligence, Language issues, educational conditioning, Cultural Background, Issue with time management, Gender issue, Even the subject being studied, and not able to understand the importance of fair research. Apart from the above, he told the types of plagiarism which surely help to understand the concept of plagiarism in a seriatim way.

Further, he discussed in detail about the anti-plagiarism software tools which are currently available in the market and given the live demo of the tool and explained how a scholar can control and curb the plagiarism by using the deterrence tool. In fact, he explained the role of the supervisor in curbing plagiarism onto the platform of tool/s. This is the wonderful part of his talk. In his talk, he said, no machine is available in the market which can detect the plagiarism of any document so far as every deterrence tool shows the similarity only. Teacher/supervisor/guide is only the final arbiter to decide what part shall be included and excluded from plagiarism. Moreover, he advised significantly that plagiarism must be checked in the presence of the concerned guide so that analysis of the report may be done properly and an authentic report may be downloaded.

Last but not least, during his presentation, he said scholars must follow the norms which have been defined by the UGC and concerned HEIs so that qualitative research may be carried out and we may get better ranking in the international market. He warned that the abstract, hypothesis, summary, results, observations and conclusion must be the original one as zero tolerance policy shall be applicable.

In the end, Mr Deepak Kumar, Convener of the webinar and Librarian, G. M. N. College present a vote of thank to Dr Gurdev Singh, Chief Patron & President Governing Body of the college, Dr Raj Pal Singh, Principal & Patron, Dr Pardeep Rai, Guest of Honor, Mr Narender Kumar, Resource Person, all the participants, Dr Chanderpal Punia and Mr Shyam Raheja.

REPORT

A National Webinar was organized by the Sociology Department, GMN College, Ambala Cantt on the topic- "Relevance of Marxism in contemporary Indian Society" on 5/7/2021. Dr Manoj Kumar, Associate Professor, PGGC, Sector-11, Chandigarh and Dr. Amandeep Singh, Department of Evening Studies, MDRC, Panjab University, Chandigarh were invited as keynote speakers.

With a focus on the relevance of Marxism in the Indian society, both the speakers pointed out glaring inequalities visible in different areas of our society and discussed the class-based analysis by Marx in the current context. The learned speakers emphasized that the possible way out is the mindful use of State power in the distribution of resources and delivery of state welfare policies. Queries of the participants were taken and resolved satisfactorily.

REPORT

Department of Economics in collaboration with Department of Management organized National Webinar on Economics: A Vision and Philosophy of Life on 7th July, 2021 in which 90 participants joined from various colleges and universities. The event started with welcome speech by Dr Seema Kansal, Convener of the webinar where she welcomed Dr. Kuldeep Singh, Former Professor & Chairman, Department of Economics, Kurukshetra University, Kurukshetra and extended warm greetings for gracing this event.

After that Dr. Ravneet kaur, Organizing Secretary of the webinar invited worthy Principal sir, Dr. Raj Pal Singh to extend formal welcome to our resource person Dr. Kuldeep Singh and afterwards our worthy Resource person had an interactive session with participants in which they emphasized that Indian philosophy is very rich as compared to Greek, Roman and Chinese Philosophy. He highlighted that Indian Philosophy is blend of rich heritage which includes Vedas and other mythologies which has developed various areas of economics and contributed rich amount of knowledge in various economic concepts such as production function, economies of scale and opportunity cost.

He also emphasized the importance given by French national to Indian economy where he quoted that “Don’t Compare India with France rather you should compare India with whole of Europe.”

Lastly Dr. Seema Kansal, Convener of the webinar and HOD, Economics proposed a formal vote of thanks and congratulated the entire organizing team of Economics & Management department. During the webinar, Dr. Bharti Vij, Dr. Amita, Dr. Tripti Sharma, Mrs Neelam and Dr Ritu gupta were also present.

REPORT

A National Webinar was organized by the Department of Physical Education of GMN College, Ambala Cantt on the topic- "Physical Literacy: Need for Modern Society" on 09/07/2021. Convener of Webinar and Head of Department Sh. Brijesh Kumar welcomed the Resource Person Dr Arvind Malik, Professor Department of Physical Education, Kurukshetra University, Kurukshetra. Principal Dr. R.P. Singh welcomed and presented a brief introduction of the Resource Person.

Dr. Arvind Malik in his address pointed out that Physical Literacy in new terminology coined recently. He stated that unhealthy diet and reduced physical activity is the main reason for increased danger of Cardio-Vascular disease in India. Renowned Physician Dr. K. Srinath Reddy has explored that 64 % Indians aged above 18 years do not exercise. Only 26 % Indian people practices Yoga. Cardio and team activities are performed by meagre 11%. Resource Person further added that there is huge misconception about physical activities and sports as the people see its utility only in terms of medals and achievements. Physical activity plays pivotal role in Happy and Cheerful life. Physical activities creates new cells in the brain and smooth flow of blood among the vital organs of the body.

Naperville Central High School in USA have found a positive correlation between increased physical activity and improved level of education. Cuba under the dynamic leadership of fiedel Castro formulated a policy which states that "Sports should be the right of people not the right of wealthy". Consequently, it recorded a huge improvement in sports achievements. Thus, there is an urgent for shift in approach from medals to beyond medals and from exclusion to inclusion. It is also essential to create awareness among the general populace about body posture and routine physical activity. He concluded by stating that the best care and true love to oneself would be done

by devoting 30 minutes for physical activity in one's daily life. Questions and Answers session followed after Resource person address. Nearly 250 delegates registered themselves from different states for the webinar. Sh. Brijesh Kumar extended vote of thanks.
